Code of Behaviour

Scope of Policy

This code applies to students of Coláiste Dún an Rí and relates to all school activities both during and outside of normal school hours. This policy has been drawn up in consultation with all the school partners, including Board of Management, Staff, Parents and Students. This policy is in line with National Educational Welfare Board guidelines. This policy should be read in conjunction with other school policies including the Anti-Bullying Policy, Child Safeguarding Statement, Health and Safety Policy and Statement, and Health and Safety COVID 19 for Students Statement.

Relationship to schools, mission, vision, aims.

This policy has been developed in line with the mission of our School which has at its core, the care of the student. The school strives to provide a safe secure learning environment for the development of our students. Our school Code of Behaviour is based on respect for oneself, for others and for our environment, so that a positive and cooperative school atmosphere prevails.

Rationale

Many people work together in our school each day and therefore a high level of courtesy and consideration for others is necessary. Behaviour, which is ill mannered, annoying, dangerous or disruptive cannot be allowed. Our code is one that is based on the recognition of the student as an individual and yet creates an environment in which the welfare of all is protected.

Goals / Objectives

The aims of our Code of Behaviour are:

- To create a climate that encourages and reinforces good behaviour
- To create a positive and safe environment for teaching and learning

- To build positive relationships of mutual respect and mutual support among students, staff and parents
- To encourage students to take personal responsibility for their learning and their behaviour
- To have effective procedures in place which will allow for the day to day running of the school and which meet the demands of current legislation
- To help students mature into responsible and participating citizens
- To allow for the appropriate involvement of all school personnel
- To ensure understanding by the parents, students, staff and management of the Code of Behaviour and the reasons for it
- To outline the strategies to be used to prevent poor behaviour and the ways in which positive behaviour is acknowledged
- To outline the structure of fair, consistent and agreed sanctions that will be used in response to negative behaviour
- To outline the interventions to be used when a student repeatedly misbehaves

Roles and Responsibilities

The school climate and atmosphere are created by the actions and the behaviour of everyone in the school. Our school acknowledges the contribution of all members of the school community. Each member has responsibility for the promotion of good behaviour and a role in strengthening positive relationships of respect and trust. The school expects that students will at all times do their best to uphold the code of behaviour of our school. See section 8.4 of the NEWB guidelines for more information on the roles and responsibilities of adults within the school environment.

Parents/Guardians

The school acknowledges the role of parents/guardians in the development and operation of the Code of Behaviour and expects them to support the code and encourage their sons/daughters to uphold it.

Teachers

The quality of relationships between teachers and students is a powerful influence on behaviour in the school. The code fosters relationships of trust between students and teachers. The school acknowledges the role of teachers in the development and operation of the Code of Behaviour. The school recognises that a teacher's main focus is in the area of teaching and learning, but that they also have a pivotal role to play in behaviour management. That pivotal role forms a core element of this code. We have teachers assigned to each class and year group with special responsibilities for operating the code.

Subject Teachers, Tutors, Year Heads, Guidance Counsellor, Learning Support Teachers, Psychological Services, Chaplain, Other Agencies, Pastoral Care team, Deputy Principal and Principal all have specific roles to play in upholding the code.

Other Staff

The school acknowledges the contribution of ancillary staff in the day to day running of the school. They too have a part to play in the successful operation of our Code of Behaviour. In particular they have a responsibility to report incidents of misbehaviour and examples of positive behaviour they witness.

Board of Management

All policies are developed with the authority of the Board of Management and must be approved by its members and formally approved and confirmed by Cavan and Monaghan ETB, before becoming official school policy. While members of the Board of Management are not involved in the day to day procedures, they are the body to whom parents and students over 18 may appeal in cases of suspension or expulsion.

The adults in the school have a responsibility to model the school's standards of behaviour, in their dealings both with students and with each other, since their example is a powerful source of learning for students. Parents/Guardians are expected to model the standards that the students are asked to respect. The ways in which parents and teachers interact provides students with a model of good working relationships.

SCHOOL RULES.

School Rules apply whenever you are wearing the school uniform, when representing the school or when engaged in any school activity. School rules describe in simple terms how to behave in order to learn well and to develop into mature and responsible adults They are there to safeguard students' right to learn and teachers' right to teach in a caring, safe and respectful environment. - You may not leave the school campus at any time without the express permission of the principal or deputy principal.

Because

- Orderly behaviour helps to run the school smoothly

- Loitering in toilets leads to congestion and could make younger students feel uncomfortable.
- Specified times and places for eating/drinking helps to keep the school clean and pleasant
- Obeying break time rules and teachers' instructions is safer and helps with supervision
- Others have to use the school property and repairs and replacements are expensive
- Everyone is responsible for helping to keep the school environment pleasant
- Chewing gum destroys flooring, school furniture, tarmac etc. It is a possible health hazard
- Smoking on the school premises is prohibited by law, and besides, it is unhealthy and dangerous
- The use of mobile phones and other electronic devices is disruptive during school time and can distract from learning and teaching. Mobile phones and digital devices can also be used in bullying and this needs to be prevented.
- Matches and lighters are dangerous. Also, this makes it easier not to be tempted to smoke
- Knives, lasers etc. are banned for very obvious reasons
- Substance abuse is dangerous, unhealthy, addictive and illegal. It can cause misery and in the longer term may even destroy a young person's life
- Leaving the school campus without permission is a health and safety issue and is treated as a most serious breach of trust.

Preventative Measures

In Coláiste Dún an Rí students will be encouraged in their efforts to uphold the Code of Behaviour by use of the following measures:

(a) The Code of Behaviour will be published on the school website and a summarised version is published in the Student Journal. Students and their parents are asked to read it and to sign their agreement with the content when registering. By doing so they acknowledge their support and co-operation with it. This is to ensure that parents and students understand what our rules are, why they must be adhered to and what procedures will be followed if the rules are not upheld.

Aspects of the code are explained at the information meeting held each year for parents of incoming First Years. Parents are encouraged to contact their son/daughter's Tutor or Year Head if they wish to raise a concern about a behavioural matter. Parents are invited to get involved in the Parents' Association or to avail themselves of the meetings organised by the association.

(b) At the start of each school year, the Code of Behaviour is explained to all students. This is done so as to give students the opportunity to think and talk about behaviour, learning and rules so that they can understand what the Code of Behaviour means for them.

(c) The Code of Behaviour is published in the Teachers' Handbook. At the beginning of the school year teachers are brought through the main aspects of the implementation of the code. This is done to promote consistency of practice.

(d) We recognise in Coláiste Dún an Rí that effective teaching and learning are closely linked to good behaviour. When students are engaged and motivated to learn, it is more likely that their behaviour will be positive. Teachers are encouraged to participate in continuous professional development. Within school, staff development includes exploring different teaching methods such as Assessment for Learning and differentiation. Regular Subject Department meetings address curriculum needs and promote collegiality among staff.

(e) If a student is in breach of a rule, he/she may be asked to explain (orally or in writing) the rule he/she has breached, to describe what effect this breach has had on members of the school community, and how he/she could act differently in the future to avoid being in breach of the rule. This is done to develop the student's sensitivity and consideration for others and to assist them in upholding school rules in future. The principles of Restorative Justice are also applied where possible. Students are encouraged to speak to their Tutor or Year Head if they wish to raise a concern about a behavioural matter.

(f) School rules and the reason for them are discussed as part of the school's pastoral care programme or as part of SPHE. The notion of tolerance for others, self – control, a sense of fairness and the principles of natural justice are also discussed as part of the Religious Education programme in the school

(g) Issues such as Bullying, Racism, Sexism, Harassment, Violence, Substance Misuse are discussed with the students during their time in our school, using current legislation, current affairs and outside speakers. This

is to help the students better understand these issues so that they can base their thinking, understanding and action on factual information and in the line with the values espoused in our school.

(h) The school's Anti-Bullying policy, which will be published on the school website and of which a summarised version is published in the Student Journal, sets out the actions taken in relation to alleged breaches of the policy. Each year in the school we have a Friendship Awareness Week, which focuses the school community on promoting positive behaviour.

Students with Special Educational Needs:

Subject teachers, resource teachers and special needs assistants should check that standards and rules are communicated in a way that students with special educational needs can understand. This understanding needs to be checked from time to time especially where a student with special needs is acting in a way that would usually be seen as being in breach of the rules. Teachers may need support in understanding how best to help a student with special educational needs to conform to the behavioural standards and expectations of the school.

Rewards

In our school, teachers use the following methods to reward students for upholding the code of conduct:

- Verbal praise of student by teacher privately
- Positive comment regarding the student to tutor or Year head
- Verbal praise of student at assembly or on intercom
- Leadership role given to students as prefects and as Student Council members.
- Class outing related to the curriculum
- Brief, positive note or phone call to parents
- Highlight curricular/extra-curricular achievements on notice boards in classrooms and corridors
- Display of student's work around the school
- Highlight curricular/extra-curricular achievements in school newsletter or on digital signage
- Highlight curricular/extra-curricular achievements on school website or in local newspaper

Rewards System

- The school will operate a rewards system. Students will get credits for positive contribution to school. This can include an excellent standard of classwork or homework, being helpful to others or going above and beyond to contribute towards school life.
- Positive credits will be awarded on VShare and rewards may include certificates, vouchers, trips and activities.

Students with Special Educational Needs:

Rewards for students with special educational needs should take account of their particular learning styles. For all students and especially those with learning difficulties, a reward will have an impact when it is closely linked in time to the behaviour that is being rewarded.

Strategies and Sanctions

The purpose of these strategies and sanctions is to bring about a change in behaviour. They help students to learn that their behaviour is unacceptable and to learn to take responsibility for their behaviour.

The following strategies and sanctions are used so that our students understand that they have choices about their own behaviour and that all choices have consequences.

They are scaled so as to take account of the nature of the incident, the situation leading up to the incident and are implemented by the staff of the school in accordance with our system of referral.

- A reminder or caution to the student
- Interview or talk with the student outlining the expected behaviour
- Alter the seating arrangement or move the student seat
- Carrying out a useful task in school
- Extra appropriate work assignment
- Student to present to the teacher before school or at break with the work complete and/or an apology
- Note in Student Journal
- A fine to cover the cost of repair or replacement
- Removal of privilege
- Consultation with Class Tutor
- Telephone call to parents
- Removal of student from scene of incident while still under supervision

Strategies and sanctions for more serious incidents or for consistent breaches of our code of behaviour include the following. These may be applied but not necessarily in the order listed.

- Giving the student a piece of written work to do in which they have to outline in writing the rule/rules they breached, the effects this breach had on themselves and on other members of the school community and how they can avoid a repeat of this behaviour.
- Withdrawal from class
- Literacy Sheet particularly for junior students
- Lunchtime detention
- Evening detention
- Weekly report
- Contract between school, student and parent
- Refer student to Tutor/Year Head/Deputy Principal/Principal
- Telephone call to parents
- Formal letter home
- Meeting with parents
- Suspension from School (see Suspension and Expulsion policy)

Lunchtime detention or short detention is defined as a period of detention of one half-hour's duration during lunchtime. Evening detention or long detention is defined as a period of detention of 2 hours duration after school on a day assigned by the school.

Referrals

The basic principle of referral system is that the higher up the ladder an incident is dealt with, the more serious it is viewed. The ladder of referral involves all staff in the implementation of the Code of Behaviour in a day-to-day and practical way. It gives an ownership of the policy to all staff and it is appropriate that they be involved as they operate it on an on-going basis.

If a student has a problem which is contributing to their inability to uphold the Code of Behaviour then the following referrals may be made:

- Referral to Class Tutor
- Referral to Year Head
- Referral to Deputy Principal
- Referral to Principal
- Referral to Guidance Counsellor
- Referral to psychologist for testing and/or help in behaviour modification.

Step 1: The Subject Teacher/Tutor

The subject teacher is the frontline source of help for students. As a leader of learning and someone with an established relationship of trust, the subject teacher will have a strong influence with students. Each teacher has the responsibility for managing behaviour in his/her own classroom and will deal with routine incidents of misbehaviour through classroom management strategies. The Class Tutor will also advise and guide the student to reflect on deviant behaviour with a view to changing to more positive behaviours. More serious offences should be dealt with under Step 2 of our referral system.

Step 2: The Year Head

Each Year Group is assigned a teacher with special responsibility for them. He/she has a pastoral and disciplinary role to play with the class groups that make up this year group.

Step 3: The Deputy Principal or Principal

Students whose behaviour has not been modified despite the school's best efforts will be referred by the Year Head to the Deputy Principal / Principal. If the Deputy Principal or Principal decide that a suspension is warranted the procedures in our policy on suspension and expulsion will be followed.

Student files are kept in the main office. Contracts and weekly reports are filed, as are copies of letters sent home and contents of telephone conversations and meetings with parents relating to sanctions and interventions.

Procedures in the event of consistent breaches of the Code of Conduct

1. A student may be sent to the Conduct and Welfare Committee (Principal, Deputy Principal, Year Head, Special Education Teacher, and/or Guidance Teacher) on the advice of the Year Head for advice and guidance.
2. Detention, withdrawal of privileges from a student or withdrawal from class or Weekly Report or Contract may be used for specific transgressions e.g. poor punctuality, homework not done, unsatisfactory behaviour on the playing field etc.
3. If a student isn't wearing the correct uniform, he/she should have a note of explanation, signed by a parent/guardian, in his/her school diary. If the correct uniform is not worn on three occasions the student will receive an appropriate sanction and the parents will be informed. Jackets, coats and jumpers not conforming to the school uniform will be temporarily confiscated.
4. Students who are found using or in possession of a mobile phone/digital device on the school premises or its surrounds during the school day will be asked to surrender it for a period of one week or until a parent/guardian visits the school to collect it. Repeated offences will incur a penalty of surrender for a period of two weeks.
5. There will be cases of indiscipline that will require the Principal to act independently of the above procedures in order to maintain the safety of a student or staff.
6. The Conduct and Welfare Committee will make the final decision if the school is confident enough about the standard of behaviour of a student to take him/her on a school tour, especially an overnight tour.
7. The Principal has the authority to suspend a student for up to three days if this is deemed necessary. This may be extended to five days in consultation with the Chairperson of the Board of Management. Procedures for suspension are set out in the attached CMETB Suspension and Expulsions Policy and Procedures.
8. In the case of a student who continues to misbehave, the student's case may be brought before the Board of Management or indeed before Cavan and Monaghan Education and Training Board
9. The Board of Management may advise the permanent exclusion of a student following the procedures laid out in the attached CMETB Suspension and Expulsions Policy and Procedures
10. All incidents of indiscipline are recorded electronically in the School's Discipline System.
11. The school reserves the right to withdraw a student from an extra-curricular activity or from any other privilege of the school's choice if the said student is in breach of school rules or regulations. A partial refund of fees may occasionally apply.

Implementation

All registered students of the school have a summarised version of the Code of Behaviour in their School Diary. The Code will be published in its entirety on the school website and is also available from the school upon request. All staff have a copy of the code in their Teachers' Handbook.

At the beginning of each year each class is brought through the Code of Behaviour. This is done so as to give students the opportunity to think and talk about behaviour, learning and rules so that they can understand what the Code of Behaviour means for them. At the beginning of the school year teachers are also brought through the main aspects of the implementation of the code. This is done to promote consistency of practice.

This Code of Behaviour was drawn up in consultation with the parents, students, staff and management of Coláiste Dún an Rí. The code is monitored on a regular basis. Aspects of the code are discussed formally at Year Head, Staff, Department and Committee meetings. Teachers are encouraged to communicate concerns and suggestions to the pastoral team.
